# General information

## Reading and storing the instructions

These assembly instructions accompany this football goal with targets. It contains important information on assembly and handling.

For improved readability, the “football goal with targets” will be referred to only as the “football goal” below.

Read the assembly instructions carefully before assembling the football goal. This particularly applies to the safety notes. Failure to heed these assembly instructions may result in severe injury or damage to the football goal.

The assembly instructions are based on the standards and rules in force in the European Union. When abroad, you must also observe country-specific guidelines and laws.

Hold onto the assembly instructions for future reference. If you pass the football goal on to third parties, be absolutely sure to include these assembly instructions.

These assembly instructions can also be downloaded as a PDF file from our homepage [www.flexxtrade.de](http://www.flexxtrade.de).

## Explanation of symbols

The following symbols and signal words are used in these assembly instructions, on the football goal or on the packaging.

**WARNING!**

This signal symbol/word designates a hazard with moderate degree of risk which may lead to death or severe injury if not avoided.

**NOTICE!**

This signal word warns against potential damages to property.

Declaration of conformity (see chapter “Declaration of conformity”): Products marked with this symbol meet all applicable Community regulations for the European Economic Area.

The GS/certified safety seal verifies the conformity of the football goal with the German Product Safety Act (ProdSG).

# Safety

## Proper use

The football goal is only intended for private use for playing football in home gardens and is not suitable for commercial purposes.

Only use the football goal as described in these assembly instructions. Any other use is deemed improper and may result in damage to property or even personal injury.

The manufacturer or vendor accepts no liability for damage caused by improper or incorrect use.

## Safety notes

### **WARNING!**

#### **Risk of suffocation!**

Children can become trapped in the packing film when playing and suffocate.

- Do not allow children to play with the packing film and the small parts (e.g. screws) contained in the packing

### **WARNING!**

#### **Risk of injury!**

Tipping over of the football goal could result in serious injury.

- The goal frame and the net must not be used as a climbing structure. Your child could be seriously injured if he/she falls or the football goal topples. Therefore, children should be supervised during play.
- Always set up the football goal on a flat surface and anchor it firmly to the ground with the provided pegs. The football goal must not be used if it is not firmly secured against tipping over.
- Secure the football goal against tipping over also when not in use.

- The pack contents contain many parts to be inserted. Be careful to avoid pinching your hands.
- Only use the football goal if it is not damaged. Therefore, inspect all parts for damage and secure assembly before every use. This particularly applies to the screw and pipe connections.
- Remove any accumulation of rust on the football goal to avoid greater damage.
- Only adults may assemble the football goal.

### NOTICE!

#### **Risk of damage!**

An unsuitable location can result in damage to property while playing football.

- Keep a minimum distance of 3 metres from other objects (such as electrical cables, potted plants, etc.).

## Assembly

### Checking the football goal and pack contents

### NOTICE!

#### **Risk of damage!**

If you are not cautious when opening the packaging with a sharp knife or other pointy object, you may quickly damage the football goal.

- Be very careful when opening it.
  1. Take the football goal out of the packaging and check whether the football goal or the individual parts exhibit damages. If this is the case, do not use the football goal. Contact the manufacturer at the service address specified on the warranty card.
  2. Check to make sure that the delivery is complete (see **fig. A** and the list on **page 6**).

## Assembling the goal frame

- The individual goal poles are marked with numbers. Assemble the football goal as shown in **fig. B**.
- Assemble the football goal preferably with another person.
- Lightly oil the plug connection on the small ends before assembling. This makes assembly easier.

## Securing the net

1. Spread the net **5** out on the ground. The small, sewn-in flags **a** mark the upper left and right corners (see **fig. C**).
2. Place the net over the upper frame **1** (poles 1, 2 and 3) and the rear inclined goal bars (poles 7 and 8).
3. Attach the net to the rear inclined poles 7 and 8 with the sewn-on velcro strips to secure the proper position in (see **fig. E**).
4. Attach the net to the poles with the attachment cords **8** provided. To do so, tie the end of an attachment cord at the upper end of pole 7 and simply thread the attachment cord through the upper edge of the net and around poles 1, 2 and 3 (see **fig. D**).
5. Further thread it along poles 4, 5, 6 and 1, 2, 3 below and again along 4, 5, 6 upwards until the original starting point.
6. Knot the end of the attachment cord there.

## Attaching the goal wall

1. Attach the goal wall **4** to the frame with the toggle locks **7** provided (see **fig. F**). The rubber eyelets **b** must be facing downward (see **fig. G**). Be sure that the toggle locks (toggle balls) are located on the back sides of the goal poles **1** so that they do not open upon impact with balls.
2. Secure the rubber eyelets **b** to the ground with the pegs **6** provided.

## Safely setting up the football goal

### WARNING!

#### Risk of injury!

Tipping over of the football goal could result in serious injury.

- Always set up the football goal on a flat surface and anchor it firmly to the ground with the provided pegs. The football goal must not be used if it is not firmly secured against tipping over.
- Before using pegs, make sure that the ground is suitable (e.g. there must not be any water pipes for garden sprinklers).
  1. Insert a peg  each centred on the left and right crossbar (pole 6) and secure them into the ground.
  2. Insert three additional pegs at even distances along the back crossbar (poles 1, 2 and 3) and secure them into the ground.
  3. Should securing the goal with pegs not be possible due to the ground conditions, use other appropriate means (such as sand bags) to prevent the football goal from tipping over.

## Maintenance and care

### NOTICE!

#### Risk of damage!

Improper handling of the football goal may result in damage.

- Do not use any aggressive cleaners, sharp or metallic cleaning utensils such as knives, hard scrapers or similar items. These could damage the surfaces.
- If necessary, clean the poles and textile surfaces with a soft, damp cloth.

## Storage

- Make sure that all parts of the football goal are stored in a dry and weather-proof location. You can use the original packaging for this purpose.
